Field Services Health and Safety Training

At EthosEnergy, safety is no accident. Through our Health and Safety Program, our goal is to eliminate workplace hazards, accidents and injuries. Each employee receives continuous safety training in compliance with all standards, rules, regulations and orders.

Our full-time safety staff conducts in-house training for all employees on general employment and job-specific hazards. Our safety staff also travel to job sites, ensuring all training and workplace safety requirements are met.

A Partial List of Classes:

- + First Aid/CPR Certification
- + Forklift Safety Training
- + Confined Space Entry Training
